## Additional Pots

### Calcutta

The Calcutta winners for this tournament will be determined by heaviest weight of the Biggest Stringer above. In the event of a tie, winners will be determined by length. Upon entry as a team, that team is eligible for the Calcutta prize money, and sign up will entitle that team to ½ of their “boat” or the winnings from Calcutta due to that team. The other ½ of the boat will go up for auction at the captain’s meeting.

For those electing to fish individually, they must notify tournament directors prior to the Calcutta if they wish to be entered for consideration in the Calcutta, and if so, who they are fishing with, if anyone. If fishing alone, they must solely notify directors so that they are included in Calcutta bidding. If they are fishing with other individual entrants, all of those entrants will then be considered on a team and will be treated as such in the Calcutta. These individuals must fish together out of the same boat or together from shore if to be considered a team and be eligible for the Calcutta prize money. If you or your team is not in on or bid on and bought in the Calcutta, then you are not eligible for the Calcutta prize. Calcutta total purse will be split with 50% going back to CCBA, and 50% for the winners. Of the remaining winnable money, the split for the winning boat for the Calcutta will be:

**1<sup>st</sup> Place: 50%**

**2<sup>nd</sup> Place: 30%**

**3<sup>rd</sup> Place: 20%**

## **Side Pots**
